

Clarisa Caballero-Ignacio

Graduate Student, M.Eng. Computer Science | Analytical Chemist

✉ clarisa.caballero@oregonstate.edu 🌐 Personal Website 📍 Corvallis, OR

Education

Master of Engineering, Computer Science	2025 – Present
<i>Oregon State University — Focus: Cybersecurity; Minor: Artificial Intelligence</i>	Corvallis, OR
Bachelor of Science, BioResource Research Interdisciplinary Science Program	2012 – 2017
<i>Oregon State University — Focus: Toxicology; Minor: Spanish</i>	Corvallis, OR

Professional Experience

Coordinator of Student Outreach and Scholarships	Aug 2025 – Present
<i>OSU College of Agricultural Sciences Academic Programs Office</i>	Corvallis, OR
Coordinator of Student Outreach and Retention	May 2022 – Aug 2025
<i>OSU College of Agricultural Sciences Academic Programs Office</i>	Corvallis, OR
Faculty Research Assistant	Aug 2017 – May 2022
<i>OSU Food Safety and Environmental Stewardship Program Analytical Chemistry</i>	Corvallis, OR

Student Outreach & Inclusive Excellence

MANRRS & SACNAS Chapter Advisor	Corvallis, OR
<i>College of Agricultural Sciences, Oregon State University</i>	May 2022 – Present

Student Outreach & Inclusive Excellence

MANRRS & SACNAS Chapter Advisor	Corvallis, OR
<i>College of Agricultural Sciences, Oregon State University</i>	May 2022 – Present
• Lead recruitment, retention, scholarship, and professional development initiatives supporting underrepresented students in STEM and agricultural sciences. • Increased chapter membership by more than 170% through outreach, inclusive programming, and community-building initiatives. • Develop and oversee mentorship programming, conference participation opportunities, and leadership development activities. • Built a data-driven tracking and reporting system to monitor recruitment, retention, and student engagement trends. • Coordinated partnerships with industry and nonprofit organizations supporting internships, scholarships, research opportunities, and career preparation. • Supported nationally recognized programming contributing to MANRRS Chapter of the Year (2025) and SACNAS Chapter of the Year (2025) recognition.	

Teaching

Co-Instructor - AGRI 399/599: Discovering Ancient and Modern-day Agriculture in the Heart of Mexico	Summer 2023
<i>Academic Programs Office, Oregon State University</i>	
• Co-instructed a short-term study abroad program with 12 students.	

Mentoring

Grant Project Lead - USDA NIFA Multicultural Scholars Program Mentorship	2022-2025
<i>College Assistance Migrant Program (CAMP), College of Agricultural Sciences</i>	

- Led implementation of mentorship programming and student engagement initiatives in collaboration with the Principal Investigator.
- Supported student development through mentoring activities, program coordination, and retention efforts.

Research Experience

Undergraduate Thesis Corvallis, OR
Oregon State University / Advisor: Kathy Magnusson, Ph.D. 2016–2017

- Investigated the role of the gut microbiome in diet-related cognitive changes.
- Performed behavioral assessments evaluating memory, anxiety, impulsivity, and cognitive flexibility.
- Findings demonstrated that antibiotic-mediated microbiome alteration improved long-term memory independent of diet.
- Thesis: *Assessment of Gut Microbiome Role in Diet-Related Changes in Cognition*. [ScholarsArchive@OSU](#)

Grants

-
- **USDA NIFA Multicultural Scholars Program** (\$250,000) 2023
Co-Principal Investigator, College of Agricultural Sciences, BioResource Research
 - **USDA NIFA Multicultural Scholars Program** (\$200,000) 2020
Grant Project Lead, College Assistance Migrant Program (CAMP)

Awards & Honors

-
- **State of Inclusive Excellence Recognition** 2026
Oregon State University
 - **Club Advisor of the Year** 2025
College of Agricultural Sciences
 - **SACNAS Chapter of the Year Award** 2025
Society for Advancement of Chicanos/Hispanics and Native Americans in Science
 - **MANRRS Chapter of the Year Award** 2025
Minorities in Agriculture, Natural Resources, and Related Sciences
 - **Diversity Commitment Award — MANRRS Chapter at OSU** 2025
College of Agricultural Sciences
 - **Diversity Commitment Award — SACNAS at OSU** 2023
College of Agricultural Sciences
 - **FSES Challenge Coin** 2018, 2019
Food Safety and Environmental Stewardship Program

Skills

Programming	Python, C, C++, JavaScript, CSS
Analytical Chemistry	GCMS, LIMS, Liquid Extraction, QA/QC, Flame Retardant quantitative analysis
Reporting & CMS	Power BI, Drupal
Languages	English (fluent), Spanish (fluent)
